How to Center Elements

```html
<!DOCTYPE html>
<html>
<head>
  <title>Code Example</title>
  <style>
    .output{
      text-align:center;
      border:1px solid red;
      max-width:200px;
      margin:auto;
      height:50px;
      position:absolute;
      left:50%;
      top:50%;
      transform: translate(-50%,-50%);
      line-height:50px;
      padding:20px;
    }
    .main{
      border:1px solid blue;
      max-width:500px;
      margin:auto;
      height:200px;
      position:relative;
    }
    .main1{
      border:1px solid green;
      margin-top:50px;
      display:flex;
      max-width:500px;
      height:100px;
      justify-content:center;
      text-align:center;
      position:relative;
```

```
      }
      .output1{
        border:1px solid orange;
        width:200px;
        height:50px;
        background-color:aliceblue;
        position:absolute;
        top:50%;
        margin-top:-25px;
        line-height:50px;
      }
      .main2{
        border:pink solid 1px;
        height:100px;
        display:flex;
